## Call for Papers and Call for Workshops

The main aim of the Conference is to encourage the exchange of scientific and technological information between researchers in the field of Computer Science and Information Technologies.

The major topics include, but are not limited to the following:

- Algorithms, Automata and Logic
- Discrete Mathematics and Combinatorial Analysis
- Information Theory and Coding Theory
- Artificial Intelligence and Management Support Systems
- Pattern Recognition and Image Processing
- Parallel and Distributed Computing
- Cloud and Grid Computing
- Design and Testing
- Telecommunication and Networking
- Information Technologies Applications

### Submissions:

Authors are invited to submit papers in PDF format (template available on the Conference site) by submission system.

Accepted papers will be published (up to 4 pages in length) in the Conference Proceedings.

### Important dates:

March 31, 2013 - Workshops submission deadline
