

*Dedicated to the 70th anniversary of the National Academy of Sciences of Armenia*

## **Second Announcement**

### **General Information:**

CSIT is an international biennial conference and now it will be held for the ninth time, dedicated to the 70th anniversary of the National Academy of Sciences of Armenia.

The conference aims to bring together scientists from different countries in various fields of computer science and information technologies.

Participants of the CSIT conferences since 1997 were representatives of scientific organizations, universities and firms from more than 30 countries.

Regular events such as workshops, sessions and round tables, addressing ICT research strategies for Armenia and the region, accompanied the conference.

### **Accompanying Workshops:**

- Integrating Armenia into European Research Area in ICT, organized by INARMERA-ICT Project
- Bridging the European and EECA knowledge networks in the field of "Components, Computing Systems and Networks", organized by FP7 ICT CSA PICTURE project
- UNL - Universal Networking Language XIII UNL School

The major topics include, but are not limited to the following:

- Algorithms, Automata and Logic
- Discrete Mathematics and Combinatorial Analysis
- Information Theory and Coding Theory
- Artificial Intelligence and Management Support Systems
- Pattern Recognition and Image Processing
- Parallel and Distributed Computing
- Cloud and Grid Computing
- Design and Testing
- Telecommunication and Networking
- Information Technologies Applications

**Organized by: National Academy of Sciences of the Republic of Armenia, Institute for Informatics and Automation Problems**

### **Chair:**

*Yu.Shoukourian*

National Academy of Sciences of the Republic of Armenia

### **Co-Chairs:**

*M.Dayde*

University of Toulouse, INPT (ENSEEIH) - IRIT, France
